

New LX Sit-Stand Desk Mount Combinations Sit. Stand. Repeat.

Highlights

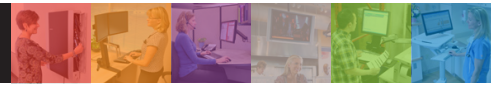

- Display and keyboard move independently for optimum ergonomic height and fore-aft positioning
- 20" (51 cm) height range allows users to move between sitting and standing positions while they interact with the keyboard or display
- Extend keyboard and/or display up to 33" (84 cm); push them out of the way when not in use
- Super-stable keyboard arm and tray provides maximum keying and mousing support
- Increase viewing and keying comfort—help reduce arm, back and neck strain
- Ideal for space-constrained spaces—folds to within 4.5" (12 cm) in storage position
